

Grade 1 - Comparing Two-Digit Numbers - Quiz

Common Core 1.NBT.B.3 · maths-pdf.fr/en/

Name: _____ Class: _____ Date: ____/____/____

This **comparing numbers quiz** for 1st Grade covers comparing two-digit numbers (Common Core 1.NBT.B.3), with a free PDF to print.

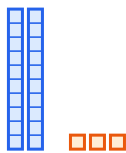

This quiz has 10 multiple choice questions on comparing two-digit numbers. Compare the tens first, then the ones. Pick the one correct answer, then read the explanation to check your thinking.

Grade 1 · Common Core State Standards: **1.NBT.B.3**

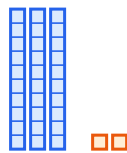

Comparing numbers quiz: 10 questions

Questions

Question 1

23

32

Which comparison is true?

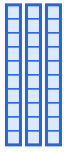

- A. $(32 > 23)$
- B. $(23 = 32)$
- C. $(23 < 32)$
- D. $(23 > 32)$

Question 2

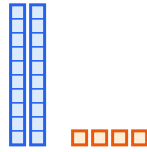

Which number is greater than (61) ?

- A. (59)
- B. (16)
- C. (67)
- D. (60)

Question 3

30

24

Which comparison is true?

- A. $(24 < 30)$
- B. $(30 = 24)$
- C. $(24 > 30)$
- D. $(30 > 24)$

Question 4

Which number is less than (40) ?

- A. (41)
- B. (38)
- C. (40)
- D. (49)

Question 5

Which comparison is true?

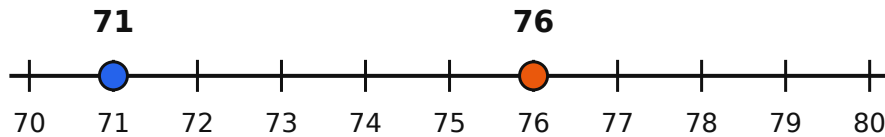

- A. $(49 < 52)$
- B. $(52 > 49)$
- C. $(52 = 25)$
- D. $(25 > 52)$

Question 6

Which list goes from least to greatest?

- A. $(22, 29, 92)$
- B. $(29, 22, 92)$
- C. $(92, 29, 22)$
- D. $(22, 92, 29)$

Question 7

The points are 71 and 76. Which comparison is true?

- A. $76 > 71$
- B. $71 = 76$
- C. $76 = 71$
- D. $71 < 76$

Question 8

Which digit can replace the ? to make this true? $5? < 53$

- A. 3
- B. 2
- C. 5
- D. 9

Question 9

Noah has 44 marbles. Aisha has 40 marbles. Who has more marbles?

- A. Noah, because $44 > 40$
- B. Aisha, because $40 > 44$
- C. They have the same number
- D. Aisha, because 0 ones is more than 4 ones

Question 10

Compare 83 and 79. Which digits decide?

- A. The tens, because 8 is more than 7
- B. The ones, because 9 is more than 3
- C. The ones, because 3 is less than 9
- D. Neither, the numbers are equal

Answers

1. **C** – 23 has 2 tens and 32 has 3 tens, so 23 is less than 32. Looking at the ones first leads to mistakes.
2. **C** – 67 has the same tens as 61 but more ones. The others have fewer tens or fewer ones.
3. **D** – 30 is 3 tens and 24 is 2 tens, so 30 is greater. The 4 ones in 24 do not matter.
4. **B** – 38 has 3 tens, which is less than 4 tens. 40 is equal to 40, not less.
5. **B** – 52 has 5 tens and 49 has 4 tens. 5 tens is more.
6. **A** – 22 and 29 have 2 tens and 22 has fewer ones. 92 has the most tens.
7. **D** – 76 is farther to the right, so 76 is greater and 71 is less.
8. **B** – The tens match, so the ones must be less than 3. Only 2 works here. With 3 the numbers are equal.
9. **A** – Both have 4 tens. Noah has 4 ones and Aisha has 0 ones, so Noah has more.
10. **A** – The tens are different, so they decide. 83 is greater than 79 even though 9 ones is more than 3 ones.

Remember

Remember

- Compare the tens digits first.
- If the tens match, compare the ones digits.
- The signs are greater than, less than, and equal to.
- The open mouth of the sign points to the greater number.
- On a number line, the number farther right is greater.

How to use this comparing numbers quiz

Answer each question, read the explanation that appears, and keep track of your score. A score of 8 out of 10 or more means you are ready for the test.
