Key facts behind this numbers to 20 worksheet

Key facts

- Touch each object once and say one number for each touch.
- The last number you say tells how many objects there are.
- A full ten frame holds 10 counters; a second frame shows 11 to 20.
- One more is the next number; one less is the number before.

- A numeral such as 14 is the written symbol for fourteen.

How to use this numbers to 20 worksheet

Work through the exercises in order: they go from simple to challenging. Write every step on paper, then compare with the solutions page and redo any exercise you missed the next day.
