Key facts behind this time test
--

Key facts

- The short hand shows the hour and the long hand shows the minutes.
- Each number on the clock face is worth 5 minutes, so count by fives.
- Quarter past is 15 minutes, half past is 30 minutes, and quarter to is 45 minutes.
- Minutes are always written with two digits, such as 7:05.
- A.m. means midnight to noon, and p.m. means noon to midnight.

How to use this time test

Time yourself: the test is designed for an average student in 45 minutes. Answer the questions you are sure of first, then come back to the longer ones and check your units.
